Details

A practical and stylish midcentury serving solution, the Salton Hotray Hotable Cart combines form and function with timeless appeal. Designed in the 1960s, this Model H-958-W (Series S, 1000 watts) features an integrated warming tray beneath a sleek glass top, ideal for keeping appetizers, entrées, or fondue warm during gatherings or family meals.

The cart includes a walnut wood handle and shelf frame, a silver aluminum structure, and smooth clear casters for effortless mobility. A removable cord allows the piece to be displayed cleanly when not in use. Adjustable heat settings (Lo to Hi) are fully operational, making it a dependable host's companion.
