Details

Applying a precious quality to the limitation of line, Picasso has captured the character of a close friend: Robert Godet, also known as Roby.

Picasso initially drew this portrait for his friend. He later etched the portrait onto a printing plate so that Roby could include the print in his book *L'Age de Soleil*.

Picasso signed and titled on the copper plate; the artist's signature and the piece's title are reversed in the print.

This piece was published by the Collectors' Guild in 1969

Pablo Ruiz Picasso was a Spanish painter, sculptor, printmaker, ceramicist, and theatre designer who spent most of his adult life in France. As one of the most influential Modern artists of the 20th century, Pablo Picasso is renowned as a legendary artistic master to this day.

Before he struck upon Cubism, Picasso's artwork went through many styles – realism, caricature, the Blue Period, and the Rose Period. These distinguished styles are apparent in the unique original works as well as Picasso ceramics, lithographs, linocuts, and etchings that he created later in his life.
