John Luke Eastman is an acclaimed LA-based artist whose artwork has been featured in esteemed international exhibitions, including Celux, Rocket in Tokyo, and Sola Design in Los Angeles. His distinct style has been described as "the 5th dimension" or "beautiful distortion", emphasising the fluidity of movement, weightlessness, and a vibrant palette. Drawing inspiration from graphic art, fashion photography, and illustration, Eastman's ultimate goal is to celebrate the creation of beauty through the spirituality of line and colour. Noteworthy collectors such as Raquel Welch and Liza Minelli have also taken notice of John Luke Eastman's impressive body of work. It would be a wonderful time to bring this lithography into your house and give tribute to timeless beauty with its caption reading: "The fruit of the Spirit is love, joy, peace, patience, kindness goodness faithfulness gentleness self-control... Against such, there is no law" (Galatians 5:22-23). The piece sits in a gilded metal frame.
