### Details

This mid-century walnut file cabinet blends functionality with timeless design. The top section features dividers, ideal for organizing documents or files, while the open shelves in the middle provide space for books or supplies. A large drawer at the bottom offers ample storage for larger items or files. Equipped with casters, this piece is easy to move and adapt to any space. The warm walnut finish and clean, streamlined lines reflect the classic mid-century modern style, offering both practicality and aesthetic appeal to your home or office.
