This black and red abstract oil painting features red and orange splashes of paint overlaid on a black background. The vivacity and life force evoked by the artwork make it a captivating addition to any collection. The chaotic spread of colour and the sense of vivacity and life force are intentionally designed to elicit a visceral response from the viewer, drawing them into the artwork and connecting them with the emotions it evokes.

This painting creates a sense of movement and energy and prioritises emotion over analytical understanding.
